Sports Facilities at DGS

As one of the pillars of the DGS education, sports play a vital role in school life of our girls. The school offers a wide range of sporting activities for students to participate in. Twenty two different types of sports activities are on offer, including Archery, Athletics, Badminton, Basketball, Beach Volleyball, Cross-country, Dance, Golf, Gymnastics, Handball, Fencing, Hockey, Indoor-rowing, Life-saving, Netball, Orienteering, Squash, Swimming, Table-tennis, Tennis, Tenpin Bowling and Volleyball. All the above teams compete in either Division 1 or Open category competitions organized by the Hong Kong School Sports Federation or National body associations. Most teams have performed exceptionally well in competitions i.e. they were placed first, second or third in inter-school events. Over the past few years, some sports teams relied on the sports facilities provided by the Leisure and Cultural Services Department (LCSD). After moving to the new campus, with the exception of Tenpin Bowling, Squash and Beach Volleyball, we are pleased to announce that all teams now conduct training sessions within the school campus. The completion of the Re-development project has equipped the school with much needed venues and facilities to enable training, competitions and other activities to take place in-house for members of the different sports teams.
