

4. Citizenship and Social Development

Miss C. Au

The department has always been committed to prioritising students' individual needs. Our curricula have been designed to motivate students with differing abilities and interests. We continue identifying opportunities for students to drive their learning forward through enriching educational experiences with in-depth exploration. Our students have continued effectively utilising all the learning opportunities to develop a broad knowledge base and foster their sense of national identity with a global perspective by studying topics related to Hong Kong, the country and the contemporary world. The curricula enable our students to develop multiple perspectives and understand the roles and interplay among individuals, society, the country and the world by studying economics, science, technology, environmental protection, sustainable development and public health topics.

Exposing our students to various extra-curricular activities and competitions has enriched their learning experiences. The following activities were introduced and implemented smoothly:

- Aberdeen Land-Sea Guided Tour organised by the Fisher
- Basic Law Quiz Competition 2023-24
- Citizenship and Social Development Online Reading Award Scheme 2023/24
- Citizenship and Social Development Symposium cum Opening Ceremony for the Roving Exhibition on Student Learning Outcomes of the Mainland Study Tour organised by the EDB
- Citizenship and Social Development Talk for S.5 DSE girls by the Endeavour Education Center on 9 July 2024 (Topic: Opportunities for Hong Kong youth to develop in the Mainland)
- Citizenship and Social Development Talk for S.4 DSE girls by the Endeavour Education Center (Topic: Issues related to air, water and soil pollution in China)
- Fieldwork Report Competition for Secondary Schools 2023-2024
- Humanitarian Education Talk by the GX Foundation
- A Guided Tour to the Legislative Council
- Poly U Igniting Social Innovation Competition 2023-2024
- S4 CS Mainland Study Tour to Guangzhou Middle School Students Labour Technic School (15 November 2023, Wednesday)
- S4 CS Mainland Study Tour to Guangzhou Middle School Students Labour Technic School (30 April 2024, Tuesday)
- The 16th Healthy Information Student Ambassadors
- Visit the Marine Police Headquarters in Sai Wan Ho
- 行義青年大灣區三日兩夜全方位考察團2024
- 香港學生領袖高階培訓計劃 愛我中華北京寧夏之旅 - 國策與民生(2024)

With all our girls sailing through the first Citizenship and Social Development DSE public examination this year, I would like to take this opportunity to thank all department members, Ms A Sy, Ms TK Yu and Mr. J. Lo. They all work tirelessly and cohesively, with joint motivation, to do the best job for our students. Most importantly, we thank our Headmistress, Mrs. S. Lau, for her guidance, support, leadership and generous wisdom in sharing along the way. We look forward to another fruitful and rewarding year.
