SCHOOL HYMN

Our Father, by whose servants
Our House was built of old,
Whose hand hath crowned her children
With blessings manifold,
For thine unfailing mercies
Far-strewn along our way,
With all who passed before us,
We praise thy name today.

The changeful years unresting
Their silent course have sped.
New comrades ever bringing
In comrades' steps to tread;
And some are long forgotten,
Long spent their hopes and fears;
Safe rest they in thy keeping,
Who changest not with years.

They reap not where they laboured,
We reap what they have sown;
Our harvest may be garnered
By ages yet unknown.
The days of old have dowered us
With gifts beyond all praise:
Our Father, make us faithful
To serve the coming days.

Before us and beside us,
Still holden in thine hand,
A cloud unseen of witness,
Our elder comrades stand:
One family unbroken,
We join, with one acclaim,
One heart, one voice uplifting,
To glorify thy name.

Headmistress's Report (2023-2024)

Speech Day – 10th January 2025

2023-24 continued to be a year of productive gains. The school benefitted from a timetable that encouraged ECAs and after-school activities after the end of lessons at 3:00 pm from Mondays to Thursdays. On Fridays, the school timetable was extended slightly, beginning with a longer morning assembly for worship. The longer assembly on Fridays not only enabled the promotion of theme weeks and activities by the chairladies of different clubs and teams, it allowed time for scheduled prize presentation ceremonies to take place each term. Assembly on Friday mornings concluded with a weekly flag raising ceremony at the DGS Plaza if weather permitted, or in the Auditorium on rainy days. On Friday afternoons, Other Learning Programmes, ECAs and Form Periods were held before school was dismissed at 4:00 pm.

The School term commenced in earnest on 1 September 2023. Our students and teachers adjusted well to the new timetable arrangement and I am happy to report that girls continued to perform excellently in examinations and competitions. In the meantime, different departments continued to capitalize on this streamlined timetable, and I invite you to read the full reports from our departments about their achievements on our School Homepage at www.dgs.edu.hk.

Now, I would like to give a brief report of our girls' performance in the public examinations and the university programmes offered by local and overseas universities. This year 106 girls of the 2024 graduating class sat the HKDSE, with over 89% of the subject entries attaining Level 4 and above, and 97% of girls meeting local university entrance requirements. Indeed, what is impressive is how well DGS girls performed relative to all students who sat the HKDSEs this year. For instance, for English Language 40% of DGS results were 5** compared to only 1% territory-wide. Deserving our sincere

congratulation are Chan Chun Yi, Chan Hei, Cheung Hoi Ching, Ho Nga Chi, So Hoi Ting, and Wu Sum Ching Charmaine who scored 5 Level 5**s in their HKDSE examinations. The School is proud of all our girls for their outstanding achievements and for being able to meet their own goals, as they overcame obstacles and hurdles brought about by the pandemic in their formative years of schooling. I have no doubt that this cohort will continue to reap the success they deserve as they continue their journey ahead.

As for our alternative curriculum, the GCE A Level, implemented at DGS since 2016, the results continued to be highly impressive, with 5 girls scoring straight A*s across all four AL subjects. These top scorers are Fung Sze Ching Evelyn, Kwok Tsz Yau Jenna, Fang Samantha Guo Ling, Leung Tiffany Sabrina and Wong Wing Ching Crystal. 52% of all the grades our cohort obtained were A*s, while 79% of the grades were As or above. The success of our A Level girls in obtaining much-sought-after places at university is testament to the strength of the A-level curriculum offered at DGS. Once again, I congratulate both the DSE and A Level streams for achieving success with us and I wish all graduates every success for the future.

It was most pleasing to witness the diverse range of academic interests shown by our graduating class. In total, 75% of our girls chose to continue their studies locally in Hong Kong. Amongst our HKDSE graduates, 31 received offers for Medicine and Dentistry courses, and 16 received offers for law-related programmes. A wide range of offers were given for other courses such as Engineering, Information Technology, arts related programmes, Science, Business, Nursing, and Physiotherapy among others. Our GCE A Level classes also secured an impressive list of offers from their non-JUPAS applications to universities in Hong Kong, such as Medicine, Dentistry, Engineering, Pharmacy, Physiotherapy and Law. We are pleased to note that our graduates are gaining offers from almost all of the different local universities in Hong Kong, and across a wide range of disciplines. This illustrates how the DGS Education is preparing girls for all walks

of life.

A similar theme was seen in the nonlocal offers received. 96% of the girls who applied outside of Hong Kong received offers, including Cambridge, Oxford, LSE and Imperial College in the UK, University of Toronto and University of British Columbia in Canada, University of Pennsylvania and Purdue in the US, and Monash University and University of Sydney in Australia. From the Mainland, girls secured offers from Tsinghua University and Shanghai Jiao Tong University amongst others. Of particular note were the multiple offers received for different subjects from Oxford and Cambridge University in the UK, in particular, Biomedical Sciences, Economics, English, Geography and Natural Sciences from these two prestigious institutions. Moreover, a handful of girls are now pursuing competitive programmes in Computer Science in the United States, and one student is reading music at the Guildhall School of Music & Drama in the UK. All these results reinforce the message that the depth and breadth of the DGS education prepares our girls for the most rigorous internationally competitive programmes for any subject discipline.

Many girls have also won prestigious scholarships, including the Jardine Foundation Scholarship for Cambridge University and the Hong Kong Scholarship for Excellence Scheme to support one's studies in non-local universities. The past year also saw our girls winning local scholarships, awarded to outstanding students including the prestigious Hong Kong Jockey Club Chairman's Scholarship and the Multi-faceted Excellence Scholarship to continue their studies in Hong Kong. Two of our graduates also gained entry to the University of Hong Kong through TADAS (Top Athletes Direct Admission Scheme), designed for highly talented athletes.

At this juncture, I wish to record my sincere appreciation to our dedicated teachers. The above achievements by our girls would not have been possible without our teachers' untiring devotion towards

our girls' education. I also applaud their efforts to upgrade their professionalism through attending seminars and courses despite their heavy teaching loads.

Our well established Music School and Sports School contributed much to the dynamic life at DGS. The music scene at our school returned to pre-pandemic vibrancy, with students deriving tremendous delight from singing in different choirs, playing in various ensembles and composing original music. Our girls reaped exciting results in the 76th Hong Kong Schools Music Festival, with our Senior Choir capturing the Best Secondary School Girls' Choir. Among all entries, there were 20 First places, 22 Second places and 22 Third places, including being winner of the Scholarship for Stringed Instruments, and the open Original Composition class. Our student composers were highly commended, as they won the top awards at the 2024 GalaMusica through their multimedia creation, and they were invited to showcase their winning composition at the Sha Tin Town Hall. Our musician also won multiple awards at the Hong Kong Palace Museum Music Competition organized by the EDB, including the Gold Prize for Outstanding Award for Solo Instrument, the Performer's Adjudication Award as well as the Favourite Music Composition Award (by audience vote).

It was a busy and productive summer for our musicians, as they competed in two international events, the 2024 World Choir Games and the 15th International Zheng Contest. In mid-July, a team of 70-strong musicians travelled to Auckland, New Zealand to compete in the 13th World Choir Games and won third place with Gold in both the Youth Choir and Sacred Music categories. The Guzheng Ensemble also took part in the 15th International Zheng contest, winning Gold and First place in the Hong Kong Regionals in July, then capturing Third place and the Silver Award at the International Grand Finals in late August.

In addition to the rigorous competition schedule, it was a bustling year

of music making for our instrumentalists and choristers, with over twenty performances in various school events and concerts, ranging from Mini-bazaar caroling at Christmas to the Beautiful Sunday Concert at Shenzhen Concert Hall, from the Spring Concert in April to the Diocesan Alumnae Orchestra Inaugural Concert in August. DGS is truly a Music School, a place where music perennially permeates the air around the campus throughout the year.

As for sports, throughout the past decades, DGS has nurtured hundreds of elite athletes across all disciplines who represented Hong Kong in the world's top events such as the Olympic Games. This past year, we are glad to congratulate, amongst the Hong Kong representatives in the 2024 Paris Olympic Games, four athletes from the DGS Community, Cheung Sum Yuet Cindy, Tam Hoi Lam, Lo Sin Yan Happy and Lee Ho Ching, who competed with the world's top athletes on the big stage of the Paris Olympics. We are pleased to see their progress, knowing that these world-class athletes honed much of their multifaceted skills here at DGS.

This year, our girls took part in 23 inter-school competitions, achieving very pleasing results in the past year. They clinched the Championship title in 9 competitions including Athletics, Cross-country, Fencing, Indoor Rowing, Life Saving, Orienteering, Swimming, Squash and Tennis. Our Swimming Team was the overall champion for 35 consecutive years; our Fencing Team was the overall champion for 18 years; our Athletics Team was the overall champion for 16 consecutive years, our Tennis Team won their 9th Grand Slam, while our Squash Team was champion for the 5th consecutive year. The Modern Dance Team also won honours in various Dance Competitions. Eight girls received the Outstanding Athlete Award in Athletics, Fencing, Indoor Rowing, Squash, Swimming, Tennis and Rising Star, including Cheung Hoi Yan, who was awarded the BOCHK Bauhinia Bowl Sports Girl of the Year 2023-24 for her all-rounded outstanding sports achievements. Eight other students received the Grantham Foundation Fund Outstanding Awards.

Thirteen DGS girls were also invited to take part in the International Sports Federation Gymnasiade in Manama, Bahrain later this year.

Two annual whole-school events, the Inter-House Swimming Gala and the Inter-house Athletics Meet were especially memorable this year, after complete removal of restrictions imposed because of the pandemic. The Swimming Gala finals took place early on in the year on 11 September 2023 with fervent and energetic cheering from the spectators for their respective houses. In the second term, the Inter-house Athletic Meets were held on 23 January and 8 February 2024 respectively. Despite the rainy weather and the chilly 7-degree temperature on the finals day, spectators energetically cheered on their athletes, encouraging them to perform their best while house members performed their track dances jubilantly during the cheering competition. All around the track and spectator stands, a festive atmosphere took hold despite the weather. Representatives of the DOGA joined in the 400m Fun Walk, adding to the excitement as students, staff and visitors alike celebrated this memorable occasion together. Students dressed in various costumes created vivid and colourful scenes that provided fun-filled cherished memories for all those present.

To arouse further student's interest in sports, a new cricket class was established with training held at the Kowloon Cricket Club for girls who show interest in the sport. Another sport gradually being introduced is soccer, which originally started as a self-paced learning group activity proposed by interested students. It is hoped that these two fledgling sports will be incorporated as team sport ECAs in the coming years.

Two years ago, we established a Technology School in addition to our well recognized Music and Sports Schools. With a clear objective to equip our girls with an innovative mindset and technological proficiency, the school is making good use of the AI lab as we continue to upgrade the IT curriculum to place emphasis on the training of

digital literacy and computational thinking skills, which were incorporated into our curriculum the previous year. In this regard, the EDB recognized our role as a pioneer technology school and invited our school to share our school's good practices in STEAM and innovation education with other schools during a seminar held at DGS in March 2024. The event was positively received and highlights of the event were published on the EDB's website.

As a Technology School, we sought to introduce STEAM-based activities to students from the day they begin their learning journey with us. Aside from classroom learning, the school offers up to 17 technology and innovation related extra-curricular activities and courses to girls to develop their interest, notably in the field of artificial intelligence, robotics, Blockchain, art tech, metaverse and extend reality, iOS apps development, 3D animation, quantum computing and many more. Talks on pertinent STEAM-related issues were also arranged during form periods, such as the talk on Generative AI delivered by Professor H. Meng to the whole school in May 2024.

In June, DGS formally entered into a collaboration with Hong Kong PolyU to pioneer a scheme integrating AI software into swimming training. In short, the school has established an AI Swimming Lab in our swimming pool, using state-of-the-art technology to take swimming to the next level. Swimmers noted that this utilization of advanced technology provided reliable, accurate and immediate feedback that enabled them to pinpoint areas for improvement in their swimming techniques. This innovative project would not only benefit swimmers, but would spur other students to further develop their technological knowhow and creativity.

The multi-pronged approach to promote STEAM has enabled DGS girls to showcase their excellent technological and innovative skills and receive numerous awards. For example, they obtained the gold award in the Soong Ching Ling Award for Children's Invention with their groundbreaking musical instrument learning tool using Artificial

Intelligence. Additionally, at the CUHK Jockey Club AI for the Future Project Secondary School Think and Create Competition 2023/24, their remarkable work of a sign language app was recognized with both the Best AI Award and the Technical Challenge Award, further solidifying their interest in the field. Furthermore, their talents shone brightly on the world stage at the International Blockchain Olympiad 2023 in Amsterdam, the Netherlands, where they secured a coveted position in the top 5 with their innovative Blockchain-based solution to eliminate cheating in online gaming. Our girls also took part in the International Youth Tech Olympics and returned with 20 awards across various categories including Augmented Reality (AR), Artificial Intelligence (AI), Internet of Things (IoT), robotics and drone coding. Among these, they were awarded the Grand Prize in recognition of their exceptional talents and dedication to technological innovation.

This year also saw the advent of the first ever DGS Metaverse, a virtual world simulating the DGS campus. Using avatars, users can walk, hop, and even soar through the air to get a bird's eye view of the DGS virtual campus. In addition, users can enter a virtual Mini-bazaar via the DGS Metaverse, replete with virtual sales stores. Over 80 students of the DGS Metaverse Organizing Committee were involved in 3D modeling, designing and organizing the Metaverse to provide a virtual shopping world that sold exclusive products, complemented by a Christmas theme. Through this virtual campaign, the whole community, encompassing students and alumnae from around the world, experienced the power of technology and the digital economy. Indeed, the DGS Metaverse has proven to be a very educational and worthwhile experience, with positive feedback received from users.

These are but a few examples of how DGS girls have benefitted from the provision of STEAM education within our school, thereby cementing DGS's role as a fully-fledged Technology School, in addition to our well recognized Sports and Music Schools. For more details regarding these and numerous other achievements of our girls

in the Science, Technology, Engineering, the Arts and Mathematics domains, I invite you to read the online report of the various subject departments.

At this juncture, I would like to turn my attention to various initiatives taken in the past year to foster school support, sustainability and service to the community.

This year, the Careers Department organized a series of enrichment classes to give students insights into real-life careers knowledge and to offer advice on career pathways with the help of DOGA members and friends of the school. They gave knowledge and advice on careers on areas such as Finance, Sociology, Medicine, Occupational Therapy and Biomedical Sciences, amongst others. We thank DOGA members and all those who helped to make this event a success.

As part of streamlining the curriculum, the Technology and Living Department launched the Fashion, Clothing and Textile (FCT) curriculum, with focus on harnessing their skills to make products that are useful to those less fortunate within the community. For example, in S3, students participated in the Queen Elizabeth Hospital Social Service Project by sewing safety bags for blood cancer patients receiving chemotherapy treatment. They also took part in a design project to produce textile design for people with disabilities. They learnt about the concept of prototyping, presented a detailed proposal outlining the service target's needs and developed an action plan for production.

In the spirit of daily giving service, different service groups continued to deliver their services, including the Citizens' Club, Red Cross, DGS Zonta Club, and DGS Community Youth Club in service of the community. Fund-raising events such as the Mini-bazaar organized by the Mini-bazaar Team and their Prefects and the Harvest Festival organized by the Youth Fellowship amply demonstrate a few of the many channels through which members of DGS generously gave their

talents, service and time to the community.

On 20 December, a dedication ceremony was held at the newly installed Eco Garden in honour of Mrs. D. Ho, our former Supervisor of DGS who served our school for 37 years. Driven by her concern for the environment and her vision of offering a quiet retreat for students, the Eco Garden features a “Daily Service Bench” situated on verdant ground. Together with other “eco” features, it is hoped that the Garden, established with the kind help of the DOGA, would serve as a living testament to environmentalism, where students could find relaxation as well as inspiration to embrace Mrs. Ho’s green advocacy. In a symbolic gesture, the DGS Environmental Ambassadors assumed the responsibility of the Garden from Mrs. Ho by receiving a watering can from her, signifying their commitment to be stewards of the Garden.

Teachers play an active role in fostering student’s mental and emotional wellbeing. Given the pivotal role our frontline teachers play in recognizing and addressing the emotional and personal needs of our students, a film screening of “Time Still Turns the Pages” was arranged at a cinema in February, accompanied by a pre-screening talk by the school social worker as part of school staff development. This event aimed to enhance teacher’s awareness of the significance of student’s mental health, highlight potential indicators of distress and emphasize the importance of early intervention and support.

To enhance understanding of the education trends within the Greater Bay Area region, teachers also went to a sister school in Macau to compare teaching pedagogy and curriculum as part of professional staff development in May. In the afternoon, they visited a hotel institute to explore career pathways offered across the sea. This day trip also provided an opportune time for colleagues to mingle in an environment different from Hong Kong and from the school, contributing towards good camaraderie and a healthy mindset amongst colleagues.

Boarding has always been an important part of the DGS tradition, ever since the school was established in 1860. By the early 70s, the rapid economic growth, housing and transport system development in Hong Kong rendered many boarding schools obsolete. Thus, the old boarding house at DGS was closed down in 1973. As part of the school's redevelopment plan, our new Boarding House was opened in August 2022 with renewed purpose, to foster the development of important life skills for our girls through the experience of living with peers away from home. As I write this report, we are in the process of enabling all new students to enjoy the benefits of boarding, as suggested by EDB officials during their visit to our boarding facilities two years ago. The DGS education is a holistic experience that encompasses intellectual, spiritual, physical and social nurturing. We hope that the boarding experience will enhance the growth of our girls, enabling them to appreciate the meaning of community. We believe that girls should acquire the skills of living in harmony with others: being a good team player and being thoughtful of other people's needs, and learning how to disagree in a respectful manner. In short, boarding offers a comprehensive values education, one which will enrich the vision and perspective of our girls. Therefore, we urge parents to encourage their daughters to take full advantage of these boarding facilities, to let them enjoy a truly colourful school life, and build life-long friendships with their buddies, which will be treasured throughout their school years and beyond.

The provision of quality education at our School was made possible through the support of many members and friends of the DGS family. On behalf of the School, I would first like to thank the EDB represented by Ms. Woo Man for their advice and support throughout this period. To our parents, I thank them for their understanding and trust, which enabled us to offer their daughters learning opportunities both in and beyond the formal classroom. Many parents also devoted time to give us professional advice and help, which relieved the already very heavy workload of our staff. I also wish to thank the members of the DOGA for their generous contributions in so many

ways, in arranging webinars, career talks, job shadowing and in the sponsorship of scholarships, etc. Now, may I once again express our deepest thanks and gratitude to the Chairman of the School Council, the Most Revd. Andrew Chan, the School Supervisor Ms. Benita Yu, our Honorary Treasurer Mrs. Josephine Chang, the School Management Committee, the Facility Management Subcommittee headed by Mr. Marco Wu as well as all other members for their expert support and contribution to the School. I could not have administered my duties as Headmistress without their timely advice, help and support.

Before I close, I would like to take this opportunity to thank all those teachers who are leaving us to pursue other career pathways. We wish all of them the best in their future endeavours. I hope that new members who have joined us will enjoy working with us and find their job rewarding.

This report would be incomplete without expressing our profound gratitude to God, our Father in Heaven, whose divine guidance has been instrumental in our school's journey to this point. His unwavering presence has enabled us to overcome challenges and achieve remarkable success. As we reflect on the past year's accomplishments, we are reminded that with faith, perseverance, and divine grace, all things are possible.

Junior School Headmistress's Report (2023-2024)

The 2023-24 school year was particularly memorable to me as a new headmistress, but also to our entire school community, with the resumption of full day school and the lifting of all social and travel restrictions following three years of the pandemic. It marked a time of new beginnings and exciting opportunities.

The resumption of full-day school gave us a chance to review our timetable. To find a balance between the half-day and full-day schedules, Wednesday is now a shorter day to give students a break from their busy academic life. An Extension and Enrichment (E&E) block is also added to Tuesday afternoons to give students a change of setting for their learning. E&E activities ranged from exploring the diverse community of Jordan to practising Jingtailan, an ancient Chinese enamelware decoration technique. One of the standout events was the Parent-Teacher-Student DGJS Family Basketball Tournament. In addition, the E&E block provided a longer time for students to engage in hands-on and experiential learning activities, including opportunities to undertake extended STEM projects.

An extra ICT lesson was added to the timetables of the lower primary students, giving them more exposure to ICT tools and more time to practise computational thinking. Additional ECAs related to different areas of technology were introduced throughout the year. Topics included coding, blockchain, AI and many more. A new Geneva Inventions team was also formed to unite students interested in making iOS apps and exploring the development of new technology. The team, with the generous support from the Lam Foundation, attended the International Exhibition of Inventions Geneva in April 2024 to showcase their work to the public.

With the return of full-day school, students were reintroduced to the second half of lunch. During these 40 minutes, students' excited voices and laughter resonated throughout the school. The Middle Garden and Basketball Court continue to be popular places for girls to play together. To give them more space, the Rooftop Garden was upgraded with a net to provide them with some shading under the

blazing sun. Skipping ropes and fort-building sets were placed there to allow students to engage in physical activity or use their creativity for imaginary play with their peers. Acrylic boards were also installed by an open bay in the Rooftop Garden, providing students with a covered area to build with Lego pieces. Play Ambassadors from Primary 4 to 6 were recruited to look after the new toys and ensure that students clean up after playing in the areas properly.

The year ended with the Project T Showcase Day. Friends and families of DGJS scattered throughout the entire school from 1/F to 8/F, learning about the girls' projects. From playing games designed by Primary 1, watching a vlog by a Primary 3 student about her family day trip planning, or admiring the upcycled T-shirts designed by Primary 6 students to promote the SDGs, visitors were captivated not only by the final presentations, but also by the students' learning journey and growth leading them to the Showcase Day. Girls proudly and confidently shared their stories, experiences and reflections with anyone and everyone who crossed their paths.

The PTA and the whole parent community continued to be important pillars of the DGJS family. This year, our parents returned to campus full force, supporting us in all aspects of school life. With the help of the PTA, parents were recruited to join many E&E and Project T sessions. Primary One parents participated in the parent-daughter days to have a taste of primary school life. Primary One and Two parents even planned an E&E session for all students in their daughter's grade. Twenty-one moms and dads were taken around Hong Kong by Primary 3 and Primary 5 students in the Little Feet, Big Adventures Programme. The Primary 5 parents even stayed overnight for two nights with them. Forty-five parents supported the Coding 4 Community Programme. By mentoring a small group of Primary 6 students, they watched them grow in empathy as they engaged with different people in the Jordan community. Their Primary One Little Sisters were blown away by what their Big Sisters could do and loved interacting with the app prototypes.

The teamwork between parents and the School was especially visible in the Christmas production, A Christmas Journey. Using just three months to prepare, the School's dancers, musicians, athletes and

all Primary One students entertained an auditorium packed with parents, alumnae and friends of the school with their delightful musical performance that intertwined the narratives of Charles Dickens’ “A Christmas Carol” and the melodious score from Tchaikovsky’s “The Nutcracker”. This production would not be possible without the support of the production team and, most importantly, all the parent helpers, as well as the School Council, DOGA and DGS.

To foster students’ creativity and imagination while enhancing their literacy skills, teachers devote time and effort to engaging students in creative writing during Chinese and English lessons. The various external competitions available provide abundant opportunities for our students to sharpen their language skills and share their creative works with others. The June Book Day was a celebration of DGJS’s love of reading. Teachers and students dressed up in their favourite book characters proudly paraded through the Assembly Hall in a high-energy kick-off. The rest of the day involved different reading activities – Primary Six students were challenged to an Escape Room designed by their teachers. Primary Fours and Fives competed in the DGJS Battle of the Books. The Lower Primary Girls engaged in reading activities and listened to stories read not by their teachers but by their parents.

Outside the School community, our students also showcased their literacy and mathematical skills by participating in various competitions and achieving excellent results. Four of our English creative writers had their stories published in an anthology by the Hong Kong Young Writers Award 2024. Our team of Chinese scholars demonstrated their knowledge in the 第四屆 腹有詩書——全港小學校際中國語文常識問答比賽 (2024) and was the Second Runner-Up. Our school mathematicians joined the Guangdong-Hong Kong-Macao Greater Bay Area Mathematical Olympiad-Big Bay Bei 2024 and won the “Overall Prize of Primary Group - 1st runner-up” in the Preliminary Round (Hong Kong Region), achieving 25 Gold Awards, 28 Silver Awards and 18 Bronze Awards.

For STEM, students showed off their creative problem-solving skills. The School’s Odyssey of the Mind Team was the champion in

Hong Kong for their chosen problem. They represented Hong Kong in the Worlds Final held at Iowa State University, USA and were placed tenth out of 43 international teams. A group of inventors built a “Myopia Control Helmet” for the Hong Kong Science Fair 2023-2024 and was awarded the Silver Award in the Primary School Division.

In the domain of music, our students continued to enjoy success. The School achieved remarkable results in the 76th Hong Kong Schools Music Festival. After four years, the School choirs finally got to stand on a stage to make music together. Our three choirs participated in six events and secured three first, one second place and one third place. Our Intermediate Choir, comprising Primary Three to Five students, was awarded the Best Primary School Intermediate Choir in the Hong Kong and Kowloon Regions. The Junior and Senior Percussion Bands also attained excellent results, coming first and second, respectively. The Chinese Orchestra also played beautifully, capturing third place. In the 2023 Hong Kong Youth Music Interflows, the Symphony and String Orchestras, together with the Symphonic Band, were presented with the Gold Award in the contest. The musician’s grand finale this year was definitely when the Symphony Orchestra was invited to represent Hong Kong at the third Beijing-Hong Kong-Macau Youth Music and Arts Carnival held in Beijing and Inner Mongolia. It was truly an eye-opening experience for not just our daughters but for the teachers and myself who went along.

Participation in sports has always played an important role in facilitating the all-round development of our girls. 2023-2024 was a fruitful year for the DGJS sports team members as they achieved outstanding results in various inter-school competitions in the Kowloon South Area. The School was the champion in the inter-school table tennis B Grade competitions, as well as in inter-school swimming A, B and C Grades and athletics B Grade competitions. We were the first runner-up in the athletics B and C Grades and table tennis A Grade competitions. The badminton team earned the second runner-up in the Kowloon South Area Inter-Primary Schools Badminton competition. As our teachers and players spent many hours of training for the challenging competitions, it was truly satisfying to see them achieve their goals. Once again, the School was awarded

the Gold Award for both the All Hong Kong and Kowloon South Area Inter-Primary Schools Competitions.

In addition, I would like to applaud Sophie Lie Ken Jie of Primary Six for being selected as one of the Most Outstanding Students in the Yau-Tsim-Mong District and Cheuk Faye Yin as the recipient of the Mrs. Rebecca Yip Shield for outstanding performance in Scripture, conduct and service. The Mrs. Blomfield Cup was awarded to Lau Ching Yiu for her excellent bilingual skills. Furthermore, Joanne Fung of Primary Five was awarded the Mrs. Emily Dai Award for making the most improvement in her academic work, effort and maturity. A huge congratulations goes to Cherlin Chow for receiving the DGS Award for Academic Excellence to support her studies at DGS from S1 to S6.

The PTA awarded PTA scholarships to two students in each class who demonstrated exemplary conduct and service. Two students from each grade received the DOGA Scholarship for Innovation and Creativity for their good computational and creative problem-solving skills. One student from each class who displayed the greatest improvement over the school year was awarded the Overall Progress Scholarship. Finally, a student from each grade received the Bishop Ho Ming Hua Ronald O. Hall Memorial Scholarship for living out the seven core values of DGJS.

I am deeply grateful to all the teachers, staff, parents, the School Council, the PTA, DOGA, the Senior School, and all who have partnered with us in our mission to provide the best education experience for our girls this past school year. Most importantly, I thank our Heavenly Father for His timely provisions and abundant blessings. May our school continue to grow under His guidance and wisdom, reaching even greater heights.

2. SKH St. Christopher Home Love Chocolate Charity Sale 2023-2024 on 16th and 17th December 2023

DGJS Brownies were stationed by the Chi Wo Street Gate to sell chocolates to students in the morning.

Money collected would help SKH St. Christopher Home carry out work to support orphans and children from broken or low-income families, providing them with a home, after-school care, homework help, school supplies and/or emotional support and helping them meet their potential. The Brownies sold 400 boxes of chocolates and raised \$20,118.

3. Dress Casual Day on 19th December 2023

Students and staff supported the Community Chest Dress Casual Day by each donating \$20 and returning to school in casual attire. Funds collected would benefit over 160 social welfare member agencies that reach out to more than 2.5 million beneficiaries in Hong Kong in six major areas of services: children & youth, elderly, family & child welfare, medical & health, rehabilitation & aftercare and community development.

The School raised a total of \$18,300.

4. Pr. 4 Project T – Visit to the Elderly Centre

One Primary 4 Project T group participated in the “Anchor Children with Elders Community” Programme organised by Mighty Oaks. On 1st February 2024, 29 students visited the Tsim Sha Tsui District Kaifong Association Neighbourhood Elderly Activities Centre. They distributed their handmade fan products, sang Chinese New Year songs and gave gifts to the elderly. Both the elderly and our students enjoyed their time together and created unforgettable memories.

5. PeaceBox Campaign from 26th February to 18th March 2024

The School joined St. Andrew’s Church’s effort to collect PeaceBoxes for the Hong Kong Church Network for the Poor. Students collaborated to put together PeaceBoxes to help spread blessings throughout the city during Lent. Altogether, DGJS girls packed 247 boxes to send to St Andrew’s Church.

6. Heifer Hong Kong Read-to-Feed Readathon from 21st March to 26th April 2024

Students were encouraged to make a difference in the lives of others through the Read-to-Feed Readathon. Through the students’ reading and fundraising efforts, the School raised \$39,275 worth of English and Chinese books for children from low-income Hong Kong families. The remaining funds were used to improve the livelihood of 900 low-income farm families from Wanxing Town, Shidian County in Yunnan.

7. 「交換人生 長幼共融」活動 on 12th April 2024

Eleven Primary 5 girls went to the Tsim Sha Tsui District Kaifong Welfare Association Neighbourhood Elderly Activities Centre after school to visit a group of elderly. During this afternoon, they chatted with each other, played games together and even danced to pop songs. The elderly’s faces lit up in the presence of our girls’ cheerful and lively energy.

8. CEDAR Fund Barefoot Walk

Primary 5 and 6 girls participated in a refugee simulation led by CEDAR Fund on 3rd and 6th May 2024 respectively. To better understand the situation of refugees around the world and to cultivate empathy, students went through various activities, including walking around the school campus barefoot.
