DOGA University Groups

Taking a break from their busy schedules, old girls studying and working at the University of Hong Kong and the Chinese University of Hong Kong had dinner gatherings to catch up with old friends and meet new ones in March and April. Alumnae in Australia also met up in April for a dim sum lunch. After three years of social restrictions during the pandemic, it was especially enjoyable for old girls to chat, laugh, and cheer one another over a delicious meal.

Polyfoam Recycling Workshop

On 22nd April 2023, the Community Service Subcommittee along with a group of old girls and their families, volunteered at the warehouse of Missing Link - Polyfoam Recycling Scheme. The participants sorted bags of plastic wastes and scraped away tapes from styrofoam boxes to facilitate the recycling process. They learned about interesting ways to differentiate various types of plastic and witnessed how styrofoam boxes were transformed into valuable tubes of plastic by hot-melting machines. The workshop was a unique channel for our members to better understand the plastic recycling industry in Hong Kong and was also a great reminder about reducing plastic waste at its source.

HK Style Milk Tea Brewing Workshop

The Social Subcommittee organized a Signature Hong Kong Style Milk Tea Brewing Workshop on 29th April 2023. Winners of the International & Greater Bay Area KamCha Competition (金茶王) taught our alumnae the history of Hong Kong style milk tea, fundamental knowledge of blended tea, as well as unique brewing methods. Participants brewed their own milk tea with customized blended tea and they appreciated this special beverage even more after learning about the intricate details behind the brewing process. KamCha champion Master Yip also critiqued each participant's tea.
