Committee*

Thank you for your contributions to the success of the school and the 140th Anniversary celebration activities. The Re-dedication Ceremony reminded us the Grace of God and our Mission. The performances at the concert filled our hearts with joy. We sang to God for the achievements of the students at the Speech Day Ceremony. It's hearts warming to see so many students and old girls with their families coming to the Homecoming Carnival. The Thanksgiving Service manifested the rich tradition and spirit of the School. My heart fill with gratitude for your efforts to make all these possible. Thanks be to God.

May God bless you and the School.

Chairman of the Council
