SCHOOL HYMN

Our Father, by whose servants
Our House was built of old,
Whose hand hath crowned her children
With blessings manifold,
For thine unfailing mercies
Far-strewn along our way,
With all who passed before us,
We praise thy name today.

The changeful years unresting
Their silent course have sped.
New comrades ever bringing
In comrades' steps to tread;
And some are long forgotten,
Long spent their hopes and fears;
Safe rest they in thy keeping,
Who changest not with years.

They reap not where they laboured,
We reap what they have sown;
Our harvest may be garnered
By ages yet unknown.
The days of old have dowered us
With gifts beyond all praise:
Our Father, make us faithful
To serve the coming days.

Before us and beside us,
Still holden in thine hand,
A cloud unseen of witness,
Our elder comrades stand:
One family unbroken,
We join, with one acclaim,
One heart, one voice uplifting,
To glorify thy name.

Headmistress's Report (2022-2023)

Speech Day – 5th January 2024

The 2022-23 year was a year of consolidated learning, with emphasis on ensuring that girls benefitted fully from both academic learning and non-academic pursuits, as social distancing measures and mask restrictions gradually eased. A revamped timetable was introduced so that girls were free to pursue interesting and fun ECAs that strengthened bonding and friendships, after having coped with the stressful period of the pandemic. This revamped timetable comprised of half-day face-to-face lessons followed by Life-wide Learning activities and ECAs in the afternoon.

School commenced in earnest on 1st September 2022, after a shortened summer break that began on 3rd August 2022 as a result of extended teaching during the summer period to catch up on teaching time. Students and staff continued to perform Rapid Antigen Tests (RAT) before coming to school each morning to ensure that they were free from the virus. The numbers of students and staff absent due to confirmed cases of Covid were reported daily to the Centre for Health Protection (CHP), and surveys on the rate of vaccination of students and staff were submitted to the Education Bureau periodically throughout the year. Our students and teachers adjusted well to this timetable arrangement and I am happy to report that girls continued to perform excellently in examinations and competitions. Many ECAs and service activities resumed with participants submitting RAT declarations to organizers prior to the events and competitions. Moreover, many departments seized this opportunity to take stock of their respective curriculums and refine their content, pedagogy and delivery. Towards the end of November, the Quality Assurance Section of the Education Bureau carried out an External School Review of our school, the findings of which I shall briefly share later in this report. I invite you to read the full reports from our various departments about their achievements on our School Homepage at www.dgs.edu.hk.

Now, I would like to give a brief report of our girls' performance in the public examinations and their university programmes offered by local and overseas universities. This year 122 girls of the 2023 graduating class sat the HKDSE, with over 90% of the subject entries attaining Level 4 and above, and a total of 95 % of girls meeting local university entrance requirements. Deserving our sincere congratulation are Cheung Yim Ting, Tsang Hei Yiu, Miao Hoi Ching Christy and Ng Lok Yiu Kennice who scored 6 Level 5**s in this year's HKDSE Examination. The School is proud of all our girls for their outstanding achievements and for being able to meet their own goals, especially in light of the challenging circumstances over the past few years. I have no doubt that this cohort will continue to reap the success they deserve as they continue on their journey ahead.

As for our alternative curriculum, the GCE A Level, the results continued to be highly impressive, with 8 girls scoring straight A*s in all their AL subjects. These top scorers include Chan Jing Jane, Chan Shiu Lam Chelsea, Cheung Ka Yan, Chu Sheung Ting Venus, Ikin Jennifer Christine, Ko Leong Ching Christie, Ly Wai Yin Gloria and Wong Si. The success of all our A Level girls in obtaining much-sought-after places at university is testament to the strength of the A-level curriculum offered at DGS. Once again, I congratulate both the DSE and A Level streams for achieving success with us and I wish all our graduates every success for the future.

It was most pleasing to witness the diverse range of academic interests in our graduating class. Girls chose to pursue traditional subjects such as Business, Engineering, Law and Medicine, but many chose different career paths, such as Biotechnology, Computing and AI, Data Science, Film Studies, Fintech, Global Health and Development, Linguistics, Music, Neurobiology and many more. Almost 80% of our girls chose to continue their tertiary studies in Hong Kong, with 38 JUPAS offers for Medicine and Veterinary Science, a record number for our DSE cohort. There were 16 offers for business, 15 for

engineering, science and IT related courses, 15 for Law (including both single and dual degree Law programmes) and 14 for other healthcare related fields such as pharmacy and nursing.

Our GCE A Level classes also secured an impressive list of offers from their non-JUPAS applications to universities in Hong Kong, such as Biomedical Engineering, BBA-JD (Juris Doctor) double degree, Dentistry, Global Business, Law and Medicine while 93% of the girls who applied received offers from universities across the world. Offers from the UK include Cambridge, LSE, Imperial, UCL and the Royal College of Music. US colleges include the University of Pennsylvania, Rice University and UC San Diego. For Canada, girls had offers from the University of Toronto, McGill and UBC, while from Australia there were offers from the University of Sydney and University of New South Wales. For Mainland China, girls secured offers from Tsinghua University and Shanghai Jiao Tong University, among others. One girl will head to The American University of Paris in France for her tertiary studies.

Several girls going overseas have won prestigious scholarships, including the Jardine Foundation Scholarship for Cambridge University and the Hong Kong Scholarship for Excellence Scheme. This past year also saw our girls winning local scholarships, awarded to outstanding students who chose to continue their studies in Hong Kong, including the prestigious Hong Kong Jockey Club Chairman's Scholarship.

At this juncture, I wish to record my sincere appreciation to our teachers. The above achievements by our girls would not have been possible without our teachers' untiring devotion towards our girls' education. I also applaud their efforts to upgrade their professionalism through attending seminars and courses despite their heavy teaching loads.

Moving on to ECAs, a sense of normalcy returned with the formal

ending of all social distancing measures in March 2023. Before that, girls and staff were excited to return to Kowloon Park Swimming Pool in September and Wanchai Sports Ground in November to take part in the Swimming Gala and the Inter-house Athletics Meet respectively, after having fulfilled the required dosage of vaccinations. This year's events were especially festive and memorable, and in the Athletics Meet finals, girls and staff alike joined in the Fun Run wearing colourful costumes, as they celebrated by running a lap of victory over the pandemic.

Upon resumption of activities, girls continued to perform very well in different events and competitions. We were once again the Champion in Athletics, Cross-country, Fencing, Life-saving, Swimming, Table Tennis, Squash and Tennis, while our Orienteering Team also emerged as the overall champion this year, making a grand total of nine championships. The Swimming Team secured the Championship for the 34th consecutive year, while the Athletics Team claimed the title for the 15th consecutive year with a Grand Slam. Moreover, both the Modern Dance Team and the Jazz and Street Dance (Group) earned the Honours Award, the highest possible award in inter-school dance competitions. We were the runner-up or first runner-up in five other inter-school competitions.

Although the BOCHK Bauhinia Bowl Overall Award and the Rising Star Award were cancelled this year because of suspension of certain 2022-23 HKSFF events and competitions, we were fortunate that in March, with the improved pandemic situation, the HKSSF announced the reopening of the BOCHK Bauhinia Outstanding Athlete Award and the Grantham Outstanding Student Athlete Awards. Eight girls were awarded the BOCHK Outstanding Athlete Awards in Archery, Fencing, Indoor Rowing, Squash, Swimming, Table Tennis and Tennis, with Tang Lok Yin receiving the BOCHK Rising Star Athlete Award. Seven other girls received the Grantham Outstanding Student Athlete Awards in Fencing, Indoor Rowing, Swimming, Life Saving, Squash, Table Tennis and Volleyball with To Wing Yan receiving the Sports

Girl of the Year award.

In the music domain, girls enrolled in the 75th Hong Kong Schools Music Festival and reaped highly encouraging results. While some entered through online submission of videos of their performances, others were able to resume live competitions. There were 16 First places, 11 Second places and 17 Third places, including Champion in the open scholarship class of Stringed Instruments, and winner in the open Original Composition category. As for group entries, there were Gold Awards for the String Orchestra (Senior), Girls' Vocal Ensemble, Mixed Voice Ensemble, Wind Ensemble (Senior) and Erhu Ensemble. In October, the String and Chinese Orchestras performed in front of an ecstatic audience at the Xiqu Centre Grand Theatre in the "We Love Yau Tsim" concert after a three-year hiatus. It was heartening to see girls resume their caroling sessions during the Mini-bazaar in December. In February, musicians displayed their talents during the GalaMusica composition competition, and received praise for their outstanding music compositions.

With social distancing measures and the mask mandate lifted in March, music permeated the campus after school hours as intensive rehearsals leading towards many competitions and concerts took place, including the Joint School Music Association (JSMA) Competitions, the joint choral concert Duo Coro, and the DBS Homecoming Concerts and our own Concerto Concert in August. The Percussion Ensemble, Guzheng Ensemble and the Chinese Orchestra were awarded two Gold and one Silver awards in the JSMA competitions. Meanwhile, the Senior Choir and the Senior Mixed Choir collaborated with singers from Diocesan Boys' School, Heep Yunn School and Wah Yan College Kowloon to perform at the DBS auditorium in March, a joint effort much appreciated by the audience. The highly successful DGS Spring Concert followed in April, and in July our musicians travelled to Shenzhen to perform in the opening concert of the "Same Heart, Glorious China" Festival. During the summer period, the choir and orchestra took part in a joint performance under the baton of maestro

Timothy Brown at the HKSKH Silver Jubilee Concert, while the Guzheng Ensemble competed in the 8th International Zheng Contests, winning Gold Awards in both the Hong Kong Regional and the Finals events. August saw the staging of two spectacular events, the DBS Homecoming Concerts and DGS Concerto Concert. Both events were held to rapturous acclaim, capping another resoundingly successful year of music at DGS post pandemic.

Of notable mention is the feat of Lau Sin Ka, whose entry in the EDB's "Saying of Wisdom" Creative Singing Contest won the Best Lyrics Award, culminating in the recording of an original song to cheer on candidates who sat the 2023 HKDSE examinations. Another musician worthy of mention is Angelyne Wong, a Guzheng instrumentalist who was invited to perform at the Hong Kong Museum of Art's "The Sound of Art-Musical Stars of Tomorrow" concert alongside DGS pianist Cheung Yim Ting.

Under the framework of the revamped timetable, there was opportunity for various departments to fine-tune their curriculum and learning pedagogy inside and outside the classroom. As a Technology School, we sought to introduce STEAM-based activities to students from the day they begin their learning journey with us. To this end, an Innovative Technology Experiential Day was organized for all new students in August to expose them to the metaverse, robotics, gadgets, drones and coding.

The multi-pronged approach by the different departments to promote STEAM has led to successes in many STEAM-related programmes and competitions. For example, the establishment of an Innovation and Technology Team has enabled our girls to compete in all seven categories of the International Youth Tech Olympics 2023, namely, Artificial Intelligence (AI), Augmented Reality (AR), Internet of things (IoT), game coding, digital arts, robotics and drone coding. Our school emerged as champion in six of the seven categories, as well as capturing the Grand School Champion. Girls also took part in other

STEAM-related projects and workshops with stunning results. Four girls received the Gold Award in the HKLF Science Explorer Award, upon completion of Masterminds, Masterclasses 2.0 series of seminars on astronomy, earth science, life science and medicine, and mathematical science organized by the Hong Kong Laureate Forum. A team won the Gold Award in the CityU Science Patent Challenge with their invention, Hexolnetic Solar Panels, a multifaceted solar panel system that can be easily controlled via magnetic connectors and adjusted to any desired angle. A Hong Kong Short-term Patent was granted for their winning invention with full fees for the patent subsidized by CityU. In another event, the robotics team captured the Inspire Award, the grand prize in the First Tech Challenge Hong Kong competition. Consequently, nine members of team represented Hong Kong in the First Tech Challenge Asia Pacific Open Championships 2023 at Macquarie University in Sydney, Australia in July 2023. Another team took part in the Hong Kong GreenMech Contest and captured the First Runner-up award. The team subsequently flew to Taichung to represent Hong Kong in the World GreenMech Contest in August 2023. Another team captured the Gold Award in the Greater Bay Area STEM Excellence Award 2023(Hong Kong).

To facilitate self-directed learning in Junior Science, our girls enrolled in the Online Self-learning Scheme launched by the EDB, which promoted science learning in six disciplines including astronomy & earth science, biology, chemistry, environmental science, food and health science, and physics. Well over 195 girls attained the Gold Award, and two of our girls were among the 15 that attained the highest scores in Hong Kong.

In mathematics, we also reaped benefits from the introduction of Mathematical Modelling into the maths curriculum for all girls in Secondary 4 as an enrichment activity. At the 9th International Mathematical Modelling Challenge (IMMC) Contest in Greater China, our team captured the Outstanding Award, and in the 5th International Team and Individual Mathematics Modelling Tournament for high-

school students (MMT) they were crowned the Overall Champion. In the Mathematics Project Competition for Secondary Schools, the DGS team was the Champion. The team also received the Best Presentation Award in the event.

In a novel collaboration between sports scientists at PolyU and the school's PE and ICT Departments, 50 DGS swimmers wore sensors to track muscle movement and auditory responses to analyze and improve their performance when swimming. Through the integration of sports and technology, girls were able to obtain reliable, accurate and immediate feedback when they swam. The swimmers identified areas for improvement and made corresponding adjustments to improve their skills and techniques in swimming.

The above are but a few examples of how different departments collaborated together to promote STEAM education, thereby cementing DGS's role as a Technology School, in addition to our well recognized Sports and Music Schools.

I would now like to report briefly on the findings of the External School Review, which was conducted by the Quality Assurance Division of the Education Bureau from 21st November to 2nd December 2022. The EDB's report was very positive and reaffirming, as they observed that every unit of the school was able to sustain a very high level of education, particularly in the face of unprecedented demands and constraints over the past few years. They were impressed with the high quality of delivery of academic learning, ECAs and other Learning Experiences and Programmes (OLEs and OLPs) and saw that everyone in the school was united and clear in their aims and objectives. They were impressed by our implementation of the Planning-Implementation-Evaluation (PIE) cycle at different levels of the school. They particularly noted that much has been done since the last External School Review conducted in 2017, with much evidence of deep learning by the students. They praised the many facets of schooling, including the mature development of e-learning and

STEM-based education and the vigorous whole-school approach in the promotion of national education. As a Christian school, they noted our success in embedding positive values and attitude in our girls, as well as generosity in service, based on our school motto “Daily Giving Service”. They also saw the firm support rendered by members of the extended DGS family, including the Parent-Teacher Association (PTA) and the Diocesan Old Girls’ Association (DOGA) towards our girls’ education and development, especially in the area of life-planning education. Finally, they commended our girls on their outstanding performances in all domains, be it academic or non-academic, in their love of learning or love for the school, and in their service to their peers or the community.

The ESR Team also offered suggestions, with emphasis on the strengthening of dissemination of good teaching practices and traditions at DGS with our newer colleagues. While praising our new teacher induction programme, they noted that in recent years due to natural attrition there have been changes in senior teacher makeup due to the departure of older teachers, and therefore such disseminations would ensure that our good practices and traditions are maintained in future years. We have taken the ESR Team’s advice on board and will continue to benchmark teachers as they join. At this juncture, I once again thank the Quality Assurance Division of the EDB for their useful advice and comments.

I will now turn my attention to some of the interesting initiatives taken up by various departments to enhance their curriculum inside and outside the classroom. To enhance our offering for those who wish to pursue the subject further, the Mathematics Department has opened up Further Mathematics as an elective subject in the International Advanced Level curriculum this year.

As part of a collaboration between the English Department and the Personal, Social and Humanities Departments, a series of pre-university tutorials on political economy was delivered by an Old Girl

to interested Secondary 6 students to broaden their exposure to the type of content expected at university. Girls found the 8-week tutorial sessions very engaging and insightful.

In Technology and Living, the Food Science and Technology curriculum in Secondary 2 benefitted from the inclusion of the Meal Planning Project wherein girls had to analyze nutritional value, design a menu, and devise a recipe based on different prescribed scenarios, followed by the preparation of a three-course meal, showcasing their culinary skills. As for Secondary 3, the Fashion, Clothing and Textile curriculum in Secondary 3 was also revamped to include a textile design project for people with disabilities, where girls learnt about the planning, implementation and evaluation of making a product prototype that effectively catered to the needs of different target groups. These projects ensured that girls are equipped with the appropriate problem solving and culinary/design skills needed in the real world of today. Thanks to the Co-curricular Enrichment program in Secondary 4 and 5, we reintroduced cooking lessons so that the senior girls can unwind from the rigours of academic studies through the process of cooking. Many students found these lessons very therapeutic and enjoyable.

This year, the Careers Department resumed the practice of holding the Careers Fair with the help of DOGA members and friends of the school. Well over 450 students attended the fair to speak to over 100 representatives from a wide range of industries in the Assembly Hall on the afternoon of Saturday 24th June, 2023. Girls were able to benefit from the expertise and experience offered by these representatives as they sought advice on career choice and admission pathways. We thank DOGA members and all those who helped to make this event a success.

In the spirit of daily giving service, different service groups continued to deliver their services from an online mode to face-to-face mode with the gradual lifting of restrictions. A programme newly introduced

this year is the CUHK Jockey Club Myopia Prevention Programme involving 29 Secondary 4 and Secondary 5 girls. They took part in morning service sessions to assist medical professionals at the Hong Kong Eye Hospital in the checking up and treatment of children from low income or underprivileged families. Feedback from our volunteers indicated that they greatly appreciated this opportunity to work closely with the ophthalmologists while noting that they had to make full use of their previous community service experience to handle those service targets with special needs. They relished this challenge immensely and gained much satisfaction from the positive feedback they received from the target group and the partnering organization. In another novel programme, 52 girls from Secondary 3 to Secondary 5 were recruited as game booth helpers in the 2023 Egg-cellent Hunt organized by Noah's Ark Hong Kong, Anchor House, Ark Life Education House and Rainbow Foundation to spread joy and love to the physically and mentally challenged during Easter. The girls ran 14 game booths and received some 500 participants. They cherished this valuable opportunity as they learnt how to become team players as they interacted with people with different special needs.

The above are but two of numerous service programmes undertaken by the various service groups at DGS including the Citizens' Club, Red Cross, DGS Zonta Club, and DGS Community Youth Club in service of the community. Fund-raising events such as the Mini-bazaar organized by the Mini-bazaar Team and their Prefects and the Harvest Festival organized by the Youth Fellowship amply demonstrate the many channels through which members of DGS generously gave their talents, service and time to the community.

This year marks the official opening of our 60-bed Boarding House, after a soft opening in the preceding year. Parents of incoming boarders were invited to go on an informative tour of the premises prior to the commencement of boarding. Appropriate sterilization measures were taken daily to ensure that the boarders enjoyed a germ-free environment, and boarders were required to conduct the RAT

daily. Food from the caterers was nutritious and tasty and girls enjoyed a good balance of work, rest and play, with scheduled study periods and activities during the evenings. During festive periods such as the Mid-autumn Festival, Christmas and the Lunar New Year the common areas were decorated with festive lanterns, Christmas trimmings etc., adding colour and excitement for the boarders. Feedback from boarders were generally highly positive, and girls enjoyed the camaraderie of living in the Boarding House. At this juncture, I continue to invite interested girls and their parents to consider applying to enjoy the full benefits of the boarding experience at DGS, an experience uncommon in local education.

The provision of quality education at our School was made possible through the support of many members and friends of the DGS family. On behalf of the School, I would first like to thank the EDB represented by Ms. Woo Man for their advice and support throughout this period. To our parents, I thank them for their understanding and trust, which enabled us to offer their daughters learning opportunities both in and beyond the formal classroom. Many parents also devoted time to give us professional advice and help, which relieved the already very heavy workload of our staff. I also wish to thank the members of the DOGA for their generous contributions in so many ways, in arranging webinars, career talks, job shadowing and in the sponsorship of scholarships, etc. Now, may I once again express our deepest thanks and gratitude to the Chairman of the School Council, the Most Revd. Andrew Chan, the School Supervisor Ms. Benita Yu, our Honorary Treasurer Mrs. Josephine Chang, the School Management Committee, the Facility Management Subcommittee headed by Mr. Marco Wu as well as all other members for their expert support and contribution to the School. I could not have administered my duties as Headmistress without their timely advice, help and support.

Before I close, I would like to take this opportunity to thank all those teachers who are leaving us to pursue other career pathways. We wish

all of them the best in their future endeavours. I hope that new members who have joined us will enjoy working with us and find their job rewarding.

Finally, this report would not be complete without expressing thanks to God, our Father in Heaven, who has blessed us throughout this eventful period to reach the relative calmness that we experience today. With Him, all things are possible, and I wish to dedicate all the accomplishments of our school this past year to our Heavenly Father.

Junior School Headmistress's Report (2022-2023)

For the first time since 2019, the School campus was filled with children's voices and laughter from September to July. With the COVID-19 pandemic behind us, students were able to experience an uninterrupted DGJS academic year. It filled my heart with joy to hear the sound of children running around outside my office on the newly-paved Basketball Court. Not only did they participate keenly in academic work during lessons and collaborative learning during Project T, but the School also offered them a rich ECA programme, from Sports to Music, from Art to Engineering; there were altogether 53 different ECA activities for students to enrol in and they eagerly signed up for them.

In addition, special activities were finally able to take place face-to-face. Our Primary Six girls took part in a poverty simulation programme organized by YWAM to learn about the living conditions of people experiencing poverty. Afterwards, they packed and delivered blessing bags to local cardboard collectors. The School celebrated Christmas through a performance at Elements, sharing the hope and joy of this festive season with the community through music and dance. The 5-day overnight Outward Bound School experience returned. From hiking for two days straight to navigating rope courses, dragon boating and engaging night talks, our Primary Six girls created memories that will last a lifetime.

International travel also resumed, and our School's Odyssey of the Mind Team earned their right to embark on a journey to Michigan, USA. Comprising five girls from Primary Three to Five, the team first won in the Hong Kong regional competition in February, then competed in the Odyssey of the Mind World Finals held in Michigan in May. After two years of virtual competition, the team was thrilled to meet and exchange ideas with like-minded students worldwide.

Our Chinese Orchestra, comprising Primary Two to Six students, also embarked on a 5-day journey to Singapore. They took part in an immersion programme with two local primary schools and joined their Chinese Orchestra in rehearsals. They also had the opportunity to perform at the concourse of the Singapore Chinese Orchestra

Concert Hall.

To open up students' horizons and to link their learning to their daily lives, the Life Planning Education Programme was introduced to DGJS. Students were encouraged to learn more about their strengths and weaknesses, gain an understanding of different career paths and continue building their 21st-century skills. Primary Two students learned that animal lovers can work in the police force. They went up close and personal with Police Dogs, petting and watching them do tricks while learning about the work they do. Girls in Primary Five researched outstanding Chinese women of different career fields, while those in Primary Six interviewed musicians working in various fields and attended the DGS Careers Fair. Table-tennis team members gained insights into how HKSAR team members trained when the team visited the School. They were even given the opportunity to play with these elite Hong Kong Team players and learn from the coach.

In one of the final assemblies, the teachers and students all received the news that the renovation works in the Middle Garden and Rooftop Garden were completed. The Assembly Hall was filled with joyous cheers, wrapping up a busy and memorable academic year.

While thoroughly enjoying full-day school, our students achieved excellence in academics, performing arts and sports.

To foster students' creativity and imagination while enhancing their literacy skills, teachers devoted time and effort to stimulate their interest in creative writing during English and Chinese lessons. The various external competitions, such as the Biliteracy and Trilingualism held by the Hong Kong Federation of Education Workers, provided abundant opportunities for our students to sharpen their language skills. Cherlin Chow of Primary 5 was the Champion in this competition. Chung Chi Hang of Primary 4 received the Gold Award in the Hong Kong Budding Poets (English) Award (2022-2023), organized by The Hong Kong Academy for Gifted Education and also was the Poet of the School.

In the domain of music, our students continued to enjoy success. In the 2023 Hong Kong Youth Music Interflows, the two school teams, the Symphony and String Orchestras, were awarded the Gold Award

in their respective categories. In the 75th Hong Kong Music Festival, the String Orchestra once again received the Gold Award. Our two percussion bands also captured Gold in the competitions.

Participation in sports has always played an important role in facilitating the all-round development of our girls. Despite the lack of in-person training during the pandemic, 2022-2023 was a fruitful year for the DGJS sports team members. They achieved outstanding results in various inter-school competitions in the Kowloon South Area. The School was the Champion in the inter-school table tennis and athletics competitions for A and B Grades, and A, B and C Grades for swimming. The School's table tennis, swimming and athletic teams were also the champions in their respective Inter-Area Primary School Competitions. Our teachers and players spent many hours of hard work in their training programmes, so seeing them achieve their goals was truly fulfilling. I would like to highlight our outstanding athlete – Jessie Chan of Primary Six, who received the A.S. Watson Group Hong Kong Student Sports Award.

It gives me great pleasure to extend my congratulations to Anson Cheng of Primary Six for being selected as one of the Most Outstanding Students in the Yau-Tsim-Mong District and the Top 10 Outstanding Teen in the Hong Kong Outstanding Teens Election 2023, organized by The Hong Kong Playground Association. She was also awarded the Mrs. Blomfield Cup for her excellent bilingual skills. Charis Poon of Primary Six represented Hong Kong to attend a convention in Malaysia with other ambassadors from around the world in the Junior Dragon Ambassador Election 2023 and the 35th Asian-Pacific Children's Convention, sponsored by the Junior Chamber International City, Hong Kong.

In this school year, the School presented sports scholarships to 26 students to recognise their outstanding performance and teamwork in sports. Music scholarships were awarded to 50 students to recognise their contributions to different music teams. One artist from each grade also received the Distinguished Artist Award scholarship.

My congratulations also go to Abigail Wong of Primary Six, the recipient of the Mrs. Rebecca Yip Shield for outstanding performance in Scripture, conduct and service and Victoria Chiu of Primary Five,

the recipient of the Mrs. Emily Dai Award, for her continuous improvement in conduct, learning attitude, application and effort, maturity and academic studies.

As I step down in my role as Headmistress, I wish to thank the School Council for their trust and support throughout my tenure, the PTA and DOGA for their full enthusiasm in making generous offers of help and sponsorships whenever we make known to them our specific needs, and the Senior School for sharing with us their endless resources. I praise our Heavenly Father for His love, hope, light and peace that fill our community all this time. May His precious presence continue during Dr. Ming's tenure and beyond.

Sponsorship of hand sanitizers to Youth With A Mission (YWAM)	\$1,923.60
Delivery of donations to St. Andrew's Church to support Peace Box Campaign and to Sham Shui Po Perfect Church to support Food Donation Campaign	\$150.00

2. YWAM Tuen Mun Poverty Simulation and Outreach in October and November 2022

Across five Saturdays in October and November 2022, 110 Primary 6 students took part in a Poverty Simulation organized by YWAM Tuen Mun in order to better understand the situation of those living under the poverty line in Hong Kong. They then served the local community of cardboard collectors and street sleepers by visiting a food bank to pack and deliver Blessing Bags in the area.

3. SKH St. Christopher Home Love Chocolate Charity Sale 2022-2023 on 14th and 15th December 2022

Five DGJS Brownies were stationed by the Chi Wo Street Gate to sell chocolates to students in the morning.

Money collected would help SKH St. Christopher Home carry out work to support orphans and children from broken or low-income families, providing them with a home, after-school care, homework help, school supplies and/or emotional support and helping them meet their potential.

4. Dress Casual Day on 21st December 2022

Students supported the Community Chest Dress Casual day by donating \$20 and returning to school in casual attire. Funds collected would benefit over 160 social welfare member agencies that reach out to more than 2.5 million beneficiaries in Hong Kong in six major areas of services: children & youth, elderly, family & child welfare, medical & health, rehabilitation & aftercare, and community development.

5. Heifer Hong Kong Read-to-Feed Readathon from 20th January to 28th February 2023

Students were encouraged to make a difference in the lives of others through the Read-to-Feed Readathon. Through the students' reading and fundraising efforts, English and Chinese books were donated to children from low-income Hong Kong families. The remaining funds were used to improve the livelihood of 900 low-income farm families from Wanxing Town, Shidian County in Yunnan.

6. LEAP Spare-a-Lai-See Fundraising Campaign

In February 2023, our school participated in the LEAP "Spare-a-Lai-See" Fundraising Campaign. Students were encouraged to donate some of their lai-see money after Chinese New Year to support the development of e-resources of the LEAP programme so that more underprivileged students can benefit from them. They

were also invited to write a message on the back of Harold's lai-see packets to promote the concept of healthy living.

Students donated some of their "Lai-Sees" amounting to \$27,677.5 to the Life Education Activity Programme.

DGJS is the winner of the following awards:

Most Generous School Award: Second Runner-up

Loyalty Award

"Most Inspiring" messages written on the Lai-See packets:

Winner: Pei Tsz Hin (Pr. 6B)

Second Runner-up: Chan Cheuk Chi Cherisse (Pr. 6B)
